

# OFFER YOUR PATIENTS AN ALTERNATIVE PAYMENT OPTION

## SIGN UP AS A **MEDIWALLET** PARTNER

Join over **1 300** practices! View all the **benefits** of being a MediWallet partner here: [www.mediwallet.co.za/benefits](http://www.mediwallet.co.za/benefits)

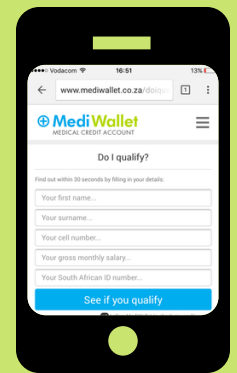

### STEP 1: Signup as a MediWallet partner

- Go to [www.mediwallet.co.za/signup](http://www.mediwallet.co.za/signup)
- Once you are signed up, we will send you a marketing pack, your own practice password and how to process a transaction.
- You will be added to our website and included in our Facebook communication.

### STEP 2: Patient signup

- There are **3** ways a patient can apply for MediWallet:
  - SMS application (quickest approval)
  - Web application at [www.mediwallet.co.za](http://www.mediwallet.co.za)
  - Physical application form

### STEP 3: Patient pre-approval

- If the patient applies using the SMS or website application, they will find out within **30** seconds if they have been pre-approved.
- We assess the patient's credit record and run our credit analytics and pricing models.

### STEP 4: Patient full approval

- We request payslips, bank statements and an ID copy directly from the patient - these are regulatory requirements.
- We run our fraud scoring model.
- This process takes **15** minutes.
- On successful completion, the patient is notified via SMS that they are approved to transact using their MediWallet account.

### STEP 5: Processing a transaction

- Save the transaction processing link on your desktop or as a favourite: [www.mediwallet.co.za/processtransaction](http://www.mediwallet.co.za/processtransaction)
- You can process a transaction from a computer, tablet or mobile phone.
- We will send you a notification of the transaction via email.
- The patient will receive a SMS notifying them that the transaction went through on their MediWallet account.

### STEP 6: Payment

- We settle you on a weekly basis.
- You will receive a practice payment report as we make payment into your account.
